Safety - Surfing can be a dangerous sport. To minimise the risk to yourself and other water users you should follow these simple rules:

- Always check your bearings: Are you near other surfers and instructors? Are you within your depth? Are you confident you could reach the shore unaided?
- Take care getting off the board: Step off the board, rather than jump or dive. The water may be shallower than you think!
- If you are in difficulty, **RAISE YOUR ARMS STRAIGHT UP IN THE AIR.**

I consent to Bantham Surfing Academy and their employees/volunteers photographing myself or my dependants.

The Bantham Surfing Academy shall not be liable in respect of loss of life or injury to person or the loss or damage to property. I accept liability for, and shall indemnify Bantham Surfing Academy against any claim for such loss, injury or damage.

I understand surfing can be a dangerous sport, and will take part in the course having understood these dangers and having read and understood this document.
